2. Title. — This Agreement is the ‘SriLankan Airlines Licensed Aircraft Engineers Collective Agreement 2014’, and hereinafter shall be known and referred to as the ‘Agreement’.

3. Names Of The Parties. —

- 3.1 This Agreement is hereby made and entered into pursuant to section 5 of the Industrial Disputes Act, No. 43 of 1950, and is effective from 01 st June 2014 between the parties listed in Clauses 3.2, 3.3 and 3.4 below. In this Agreement, the term ‘Engineers’ or ‘Employees’ shall mean all those Engineers covered by either sections 3.3 and 3.4 in this Agreement below.
- 3.2 SriLankan Airlines Limited, a Company incorporated in Sri Lanka bearing the Company registration number PB 67 with its official registered office address as Airline Centre, Bandaranaike International Airport, Katunayake, Sri Lanka, hereinafter called the ‘Company’ (which expression wherever the context so admits shall include and mean it's successors and assigns).
- 3.3 The Association of SriLankan Airlines Licensed Aircraft Engineers, an Employee Association registered in Sri Lanka under Section 10 of the Trade Union Ordinance under registration number 8164, whose official registered office address is P.O. Box 54, Katunayake Sri Lanka, hereinafter called the ‘Association’ (which expression wherever the context so admits shall mean and include it's successors, assigns, replacement and all Employees who are fully paid-up members of the Association locally employed in a permanent capacity in grades L1-L4 of the Engineering grade structure and in employment as at the date of signing this Agreement who are covered and bound by this Agreement).
- 3.4 Other individual Engineers locally employed in a permanent capacity in grades L1-L4 of the Engineering grade structure and in employment as at the date of signing this Agreement, who are not members of the Association but who nevertheless wish to accept the terms and conditions of this Agreement by signing on an individual basis.

4. Short recital And General Agreement .—

- 4.1 WHEREAS demands and requests were made by the Association of Licensed Aircraft Engineers for a revision of terms and conditions of employment of their members employed by the Company (noting that the existing terms and conditions of employment of Engineers were previously been recorded in the Collective Agreement between the Company and the Association of Licensed Aircraft Engineers dated 24 th May 2011 which was valid from 01 st June 2010 and expired on 31 st May 2013).
- 4.2 AND WHEREAS the Association has verified to the satisfaction of the Company that it represents at least 40% of the Engineers in Grades L1-L4 employed in a permanent capacity by the Company in Sri Lanka.
- 4.3 AND WHEREAS having received the demands and requests from the Association, the Management of the Company discussed and negotiated with the Association, and during the process of negotiations were able to finally reach agreement on the matters contained herein, on the understanding that any and all other matters raised would be regarded as having been withdrawn in favour of this finalised ‘SriLankan Airlines Licensed Aircraft Engineers Collective Agreement 2014’.
- 4.4 AND WHEREAS the intention of both parties was that this Agreement would ensure operational and industrial peace and harmony, improved overall efficiency of the Engineering and Maintenance Department, an improvement in overall performance and productivity including the ability to rotate and cross-utilise experienced Employees between operational and support areas, co-operation between

the Employer and Employee, and a contented and highly motivated workforce. The parties to this Agreement have a common objective in ensuring the proper and successful functioning of the Company, as only this can safeguard the welfare of both the Company and all the Employees.

4.5 AND WHEREAS the parties have agreed that there would be strict compliance with all procedures, terms and conditions agreed in this Agreement, and it is agreed by the parties that they would honour and abide by their respective obligations, respective the rights of each other as set out in this Agreement.

4.6 NOW KNOW YE AND THIS AGREEMENT WITNESSETH THAT as a result of said discussions, and that for and in consideration of the above premises and the mutual terms and conditions set out in this Agreement, the Association of Licensed Aircraft Engineers and the Company have reached this Agreement, which includes clauses for the enhancement of salaries and various allowances to further improve the employment conditions offered by the Company.

4.7 AND THAT parties have agreed that there would be compliance with all existing procedures, processes and regulations that are not otherwise specified in the Agreement but have been included in the 'people Administration and Engagement Policy Manual' of the Company. In the event of a conflict or inconsistency between the terms and conditions of this Agreement and any pre-existing terms and conditions or practices, then the terms and conditions specified in this Agreement shall prevail.

Provided that if any of the clauses in the 2010 Collective Agreement have been transferred to the said manual with amendments decided on 'ex-parte' by the Management, such amendments shall be discussed with the ALAE with a view to arriving at a mutually acceptable agreement.

It is also agreed that the Company will update the manual with the concurrence of the ALAE in relation to matters affecting its members, wherever applicable.

The Company welcomes any positive suggestions from the ALAE on how the existing procedures and processes may be improved for the benefit of both parties.

4.8 AND THAT this Agreement covers all the demands and claims of the Association of Licensed Aircraft Engineers contained in their original requests and demands and other issues brought for negotiation and discussions during the course of bargaining of the said demands in full and final settlement thereof, and that all demands, claims and requests raised by the Association of Licensed Aircraft Engineers are hereby withdrawn or settled or satisfied in terms of and / or in consideration of this Agreement.

4.9 AND THAT in consideration of this Agreement, the Association of Licensed Aircraft Engineers and its members and the Management shall not during the continuance of this Agreement seek to vary, alter or add to, all or any of the terms and conditions of employment or benefits contained as provided for in this Agreement, other than by mutual agreement.

4.10 AND THAT the terms and conditions of this Agreement effective from 01st June 2014 shall be deemed to be included in all the contracts of employment between the Company and all Engineers covered and bound by this Agreement, whether such contract of employment be written or not, and which was subsisting as at 01st June 2014 or shall come into being at any time thereafter during the continuance of this Agreement.

4.11 AND THAT if, and in so far as, any provisions contained in this Agreement are superseded by mandatory law in Sri Lanka, all other provisions not so superseded shall remain in full force and effect.

4.12 AND THAT it is agreed that any dispute over the interpretation of this Agreement shall be settled by reference to the Commissioner of Labour, or where such decision is not acceptable by voluntary arbitration under section 3(1)(d) of the Industrial Disputes Act.

4.13 IT IS ALSO AGREED THAT the minimum terms and conditions of service which apply to all Engineers employed in a permanent capacity in grades L1-L4 of the Engineering grade structure who are covered and bound by this Agreement shall be those provided for in this Agreement.

4.14a AND THAT the Association and/ or its members shall not resort to any form of Trade Union action except cases stipulated in clause 4.14 (b) in respect of any matter covered or arising out of this Agreement and during the period of this Agreement is in force.

4.14b The Association reserves the right to resort to Trade Union action after due notice in the event any matters not referred to herein which have been duly brought to the notice and discussion with the Management and where no satisfactory solution has been found after having resorted to the grievance and dispute procedures embodied herein.

5. Duration of Agreement.-

- 5.1 This Agreement shall come into effect from 1st June 2014, and thereafter continue to be in force unless it is determined by either party to terminate, giving one month's notice in writing to the other, provided however that one party hereto shall not give notice to other party before 01st May 2017 and such notice shall not expire before 31st day of May 2017. This shall not preclude discussions taking place and commencing at any time after 01st December 2016 between parties for a revision of the Agreement to be effective from 1st June 2017. In the event no agreement is signed and in place by the 1st day of June 2017, then any agreement signed thereafter will be back dated to be effective from the 1st day of June 2017 and basic salary and special premium allowance will be back dated and paid from the effective date agreed. The above condition is subjected to section 9 of the Industrial Disputes Act, No. 43 of 1950.
- 5.2 Subject to Clause 4.7 earlier, this Agreement replaces in full the previous Agreement between the Company and the Association of Licensed Aircraft Engineers dated 01 st June 2010, which was valid from 1st June 2010 and expired on 31st May 2013. Any clause that may have been in the previous agreement is considered revoked unless repeated and carried-forward into this new Agreement.
- 5.3 Subject to Clause 4.7 earlier, this Agreement replaces in full all prior agreements, and replaces all prior working practices, and replace all prior terms and conditions of employment for Engineers employed in a permanent capacity in grades L1-L4 of the Engineering grade structure.

6. Parties covered and Bound.-

- 6.1 This Agreement shall cover and bind the Company.
- 6.2 This Agreement shall cover and bind the Licensed Aircraft Engineers locally employed in the permanent capacity in grades L1-L4 inclusive of fully paid-up members of the ALAE.
- 6.3 This Agreement shall cover and bind all individual Employees locally employed in a permanent capacity as referred to in Clause 3.4 above.

7. Recognition.-

- 7.1 The Company recognition the right of the Association to represent the interests of, and when required negotiate on behalf of, all categories of locally employed Engineers employed in the permanent capacity that are classified in the L1-L4 Engineering grades of the Sri Lankan Airlines grading structure in Sri Lanka who are fully paid - up members of the Association.
- 7.2 The Company recognises the right of the ALAE to exercise the ALAE functions in accordance with the laws of Sri Lanka, and to manage the ALAE affairs without interference.
- 7.3 Such recognition by the Company of the ALAE shall continue as long as the ALAE holds the status of Collective Bargaining Agent of the Licensed Aircraft Engineers in grades L1 - L4 of the Engineering grading structure of the Company, and can verify that at least 40% of all locally employed Licensed Aircraft Engineers employed in grades L1 - L4 are fully paid - up members of the ALAE.
- 7.4 The ALAE recognition the right of the Company to plan, organise and manage the operation of each location in order to achieve maximum safety, efficiency and profitability in the operation. This right includes. *inter - alia*, the recruitment, engagement, control, discipline, termination, upgrading, promotion, demotion, transfer and dismissal of Employees (always in accordance with the laws of Sri Lanka and the procedures and manuals of the Company). This right also includes, *inter - alia*, the use includes, *inter - alia* the determination of the rosters, working patterns and times, methods and manner of working, the introduction of technical improvements, and the decision to modify, extend, curtail or cease operations, and all safety aspects of the operation. The Company will always exercise the above mentioned rights within the limits prescribed under all applicable laws of Sri Lanka and in accordance with all applicable procedures and manuals of the Company and in accordance with the terms and conditions of this Agreement.

Provided however in respect of termination, upgrading, Promotion demotion, transfer and dismissal of employees, working patterns, and times, methods and manner of working, redundancy due to operational reason, the Union may if it is of such opinion make representations to the Management in accordance with the grievance/ dispute procedure stipulated herein and/ or in accordance with the law.

8. Monthly Basic Salary Scale. —

- 8.1 The Monthly basic salary scales will be adjusted effective from 01st December 2014 until 31st May 2017, and expressed in Sri Lankan Rupees (LKR) per month as follows.

Grade	01/12/2014 LKR	01/06/2015 LKR	01/06/2016 LKR	2014-2017 Maximum LKR
L1	70,000	77,000	85,000	187,310
L2	115,000	125,000	135,000	293,260
L3	175,000	185,000	195,000	448,560
L4	200,000	210,000	220,000	546,080

- 8.2 Under no circumstances may the monthly basic salary of an Engineer, as referred to in Clauses 3.3, and 3.4, exceed the prescribed limit maximum salary of their grade.
- 8.3 All new externally recruited Engineers who will be taken on the payroll of the Company subsequent to the date of signing this Agreement will ordinarily be placed at the minimum of the scale relevant to their grade. Provided that nothing shall prevent the Management from exercising its sole right and discretion to offer a commencing salary at a higher level than the minimum of scale relevant to each grade depending upon merits as considered appropriate by the Management.
- 8.4 The above revised salary scales, applicable allowances and other enhanced benefits (as given in this Agreement) will be applicable to those Employees who are in employment as at the date of signing the Agreement.

9. Basic Salary Increases During This Agreement .—

9.1 Annual Performance Based Increment

The actual individual monthly basic salaries of all Employees covered by this Agreement (except those on probation) will be further revised ranging from 0.0% to 6.0% (with an average of 3.0%) depending upon individual performance effective 01st June 2014 to 31st May 2017 as the Annual Performance Based Increment. This increase will also be applicable to the Special Premium Allowance.

9.2 Annual Fixed Increment

The actual individual monthly basic salaries after the Performance based increment in June each year for all Employees covered by this Agreement will be increased on 01st June each year as per the schedule below effective 01st June 2014. This schedule will be applicable for the period June 2014 to May 2017.

Grades	01 Jun. 2014	01 Jun. 2015	01 Jun. 2016
L 1-L4	10%	11%	12%

- 9.3 If the Company intends to recruit Expatriate Engineers or any other person who carries out same duties in L Grades in the future, the Company has the right to offer annualised salary up to the equivalent value of the annual salary of an Engineer recruited in L Grades on local terms. This salary will not be higher than the annualised salary of an L Grade Engineer on local terms. This will not apply in respect of Child Education and Housing Allowance.
- 9.4 Company agrees that in the event a Duty Engineer in grade L4/Engineer in grade L3 is transferred/promoted as Assistant Manager, he/she will receive a sum, which is equivalent to the shift allowance plus a 10% increase on the basic salary and Special Premium Allowance.
- 9.5 In the event of an upgrading from T3 to L1 in the Company grading structure, the Employee will receive a 15% increase on the basic salary and Special Premium.
- 9.6 In the event of an upgrading from L1 to L 2, L2 to L3 and L3 to L4 in the Company grading structure, the Employee will receive a 6% increase on the basic salary and Special Premium.

10. Special Premium Allowance. —

- 10.1 The actual individual Special Premium Allowance after the Performance based increment in June each year for all Employees covered by this Agreement will be increased on 01st June each year as per the schedule below effective 01st June 2014. This schedule will be applicable for the period June 2014 to May 2017.

Grades	01 Jun. 2014	01 Jun.2015	01 Jun. 2016
L 1-L4	10%	11%	12%

- 10.2 The following Special Premium Allowance Scales will be applicable from 01st December 2014.

Grades	01.12.2014 LKR	01.06.2015 LKR	01.06.2016 LKR
L 1	90,000	100,000	110,000
L 2	140,000	150,000	160,000
L 3	210,000	225,000	240,000
L 4	230,000	245,000	260,000

- 10.3 The performance-related merit increases will also be applicable to Special Premium allowance.

11. End Of Year Payment. —

- 11.1 It is agreed by the Parties that the Company shall implement the End of Year Payment Scheme as set out below, in place of the Profit Share Incentive Scheme, from 2014 onwards. The Payment shall be split equally between December and April payrolls for tax efficiency, in respect of annual performance appraisal rank obtained by each Employee.

Scenario 1 - For Employees who are drawing more than Rs. 50,000/- in total of monthly basic salary plus Special Premium, payment to be capped at Rs. 50,000/- subject to attaining appraisal rank 1,2 or 3.

Scenario 2 - for Employees who are drawing less than Rs. 50,000/- in total of monthly basic salary plus Special Premium, 75% of their monthly basic salary plus Special Premium shall be paid subject to attaining appraisal rank 1, 2 or 3.

Scenario 3 – No. incentive payment shall be paid for any other appraisal rank.

In the event there being a requirement to formulate a more favourable scheme, as an outcome of the pending case relating to the 13 th Month incentive, the Company and the ALAE shall discuss such outcome and agree on the way forward in compliance with the legal requirements.

12. All Other Allowances. —**12.1 Transport**

All Engineers in grades L1-L4 will be eligible for a Transport allowance limited to Rs. 54,000/- per month. This will be included in monthly payroll and will be subject to tax as per the Law. This allowance shall cease to exist and shall therefore not be considered as part of Employee Terms upon the implementation of the new transportation pick-up and drop-off service for the benefit of the Engineers who are rostered to work on shifts which will be discussed and agreed by both parties.

12.2 Telephone Allowance

If an Engineer who is covered and bound by this Agreement is required to use their own personal mobile telephone for Company business, then they will receive a flat monthly telephone allowance of Rs. 3,000 per month. If an Engineer is paid this monthly telephone allowance then they will be expected to be contactable at all times as and when required including their working hours.

12.3 Payment for Working on a Day- Off

There is no eligibility for overtime payments for Engineers who are covered and bound by this Agreement on account of their being considered as Executives in the Company grade structure and exercising authority in that capacity. It is agreed by all parties that on occasions and Engineer will be required to work beyond the rostered shift for operational reasons, and that no overtime payments apply for these required extension hours on a rostered working day. However if called to work as set out in (a) hereunder, they shall receive an out of pocket allowance in lieu of the additional hours of work. Such out of pocket allowance will be calculated on the same basis as with the allowance that is paid when they perform duties on a 'day-off'.

However, on occasions and Engineer may be required for work on a day-off, they shall receive a day-off payment per hour for each hour worked, as follows, subject to a minimum payment of 6 hours.

Grade	LKR
L1	2500
L2	3000
L3/L4	3500

There shall be no entitlement for any time-off-in-lieu.

- (a) If an Engineer continues to work after duty for 2 hours or more, or they are called early for duty before 02 or more hours, payment will be made for each hour as per the rates set out above.

12.4 *Flying Spanner Allowance*

It is agreed that on occasions an Engineer may be required to for work on a day-off as a flying spanner. Performing flying spanner duties means that an Engineer is required to accompany an aircraft for the purposes of certification of that aircraft at an overseas on-line station.

In these cases when an Engineer works on a day-off to perform flying spanner duties, they shall receive an hourly Flying Spanner Allowance (FSA) of USD 25.00 per hour for each hour worked on a day-off, subject to a minimum payment for 4 hours which is a minimum of USD 100.00 per occasion, and subject to a maximum payment for 15 hours which is a maximum of USD 375.00 per occasion. The Flying Spanner Allowance (FSA) is only applicable when the Engineer goes away from Colombo and returns to Colombo except on layover flights. There shall be no entitlement for any time-off-in-lieu.

Payment of FSA Per occasion will commence at initial chocks-off in Colombo, and will finish at the final chocks-on back in Colombo. Actual qualifying time will then be rounded up to the nearest full hour. However, if the Engineer is away from the aircraft (either whilst on a layover during a hotel stay away from Sri Lanka, or whilst the aircraft is grounded for any reason at the overseas destination), then the FSA ceases from the time the Engineer leaves the aircraft at the overseas destination until returning to duty at the aircraft at the overseas destination. However, during the said period Meal Allowance and Night stop Allowance will be applicable as per the Company Policy.

If an Engineer is asked to perform duties as a flying spanner on a normal rostered working day, then Flying Spanner Allowance (FSA) does not apply. Nor is there any eligibility for overtime payments for Engineers who are covered and bound by this Agreement who have to extend a normal rostered working day by performing flying spanner duties.

The revised rates will be applicable from the date of signing the Agreement.

When an Engineer receives Flying Spanner Allowance for operating as a flying spanner on a day-off, then they do not receive any other payment as described in section 12.3 for working on a day-off.

Business Class seat will be allocated for Engineers on all flight observation duties only.

All Engineers who perform planned flight observation duties which consist of 15 hours or more (long sectors) minimum of 08 hours rest should be provided with Hotel Accommodation (Lay over to be planned prior to departure from CMB).

After attending to Aircraft On Ground (AOG) situations in overseas stations where we have on line operations, if Engineers have been working for continuous 12 hours or more, subject to possibility of arranging entry permits by the Station staff, hotel accommodation will be provided with a minimum rest of 08 hours.

Wherever possible, Management will endeavour to provide passenger aircraft for Engineers to travel on AOG situations.

Company will provide home drops and pick-ups for the Engineers who are on or flight observer duties.

12.5 *Meal Allowances as a Flying Spanner*

When an Engineer goes on duty as a flying spanner (both on a normal rostered working day, and on a day-off), meal allowances will be paid as follows:

Allowance	Payment	Timing
Breakfast	USD 25.00	07.30-08.30
Lunch	USD 25.00	12.30-13.30
Dinner	USD 25.00	19.30-20.30

All time schedules for applicability of meal allowances as listed above are shown in local times (LT). Engineers will be eligible for these meal allowances commencing one hour before scheduled departure and finishing half an hour after actual time of arrival (arrival/ departure timings same as Flight Crew).

In addition to meal allowances, for a flight departing from or returning to Colombo where an overnight stay is required at an overseas stop location in a hotel whilst on-duty as a flying spanner, then a night-stop allowance will be paid as follows:

Night-Stop		
L1-L3	USD 30.00	On-duty at 00.01 and layover included.
L4	USD 40.00	On-duty at 00.01 and layover included.

12.6 Approval Allowance

A detailed summary of all approval types and associated Approval Allowance payments that apply to locally employed permanent engineers in grades L 1- L 4 inclusive is provided in **Appendix B** to this Agreement.

The Company has the sole right to determine the number of Engineers who are required to have approval types to meet operational requirements for aircraft of both SriLankan Airlines and other airlines certified by SriLankan Airlines.

The underlying intention and philosophy of the Company is to pay a monthly approval allowance of Rs. 15, 000 regardless of aircraft-type for each recognised and required approval-type to any Engineer who holds a recognised approval-type and is required to utilise that approval as part of their regular working duties on an aircraft that is part of the Sri Lankan Airlines fleet.

This same underlying philosophy of Rs. 15,000 per month per approval-type has also been used as the underlying philosophy in determining other types of license pay or approval pay on a relative *pro-rata* basis for other types of certifications and approvals.

Where the approval-type relates to a current approval on an aircraft that is in operation in the SriLankan Airlines fleet at the time of payment, then 100% of the relevant approval allowance shall be paid. However, such payment shall immediately cease to be payable if and when an aircraft type ceases to be in operation in the SriLankan Airlines fleet. There will be no negative impact to the remuneration package of individual Engineers in the event of this being implemented.

The company may, if future business plans so determine, choose to phase-in or phase-out any other aircraft types at its sole discretion and payment of Approval Allowances will apply in accordance with such phase-in and Phase-out.

Likewise, payment of Approval Allowance shall immediately cease to be payable if and when the approval held by the engineer is no longer current or the validity of their approval expires.

Where the approval-type relates to a current approval on an aircraft that is in Scheduled operation of another airline for whom Sri Lankan Airlines provides certification (but not in operation in the Sri Lankan Airlines fleet) at the time of payment, then 50% of the relevant approval allowance shall be paid. However, such payment shall immediately cease to be payable if and when an aircraft type ceases to be maintained for the other airline by Sri Lankan Airlines. Likewise, such payment shall immediately cease to be payable if and when the Engineer is no longer current or the validity of their approval expires.

The overall cumulative maximum monthly approval allowance that an individual Engineer may receive in any one month shall be Rs. 200,000 per month.

12.7 Stationing

- (a) If a Station Engineer is required to be away from the station for operational or urgent personal reasons approved by the Management for two days or more, Management will take steps to send a relief engineers depending on the operational requirement.
- (b) If a relief Engineer is sent to a station to cover duties of the Station Engineers, he should be given HOTAC with bed and breakfast in a Four Star Hotel wherever possible.

APPENDIX D

07th January 2015.

Mr. Lashantha Perera

President

The Association of Sri Lankan Airlines Licensed Aircraft Engineers,

P. O. Box 54,

Katunayake.

Dear Mr. Perera,

This document is to place on record that during the Collective Agreement negotiations 2014, the Management had with the Association of Sri Lankan Airlines Licensed Aircraft Engineers, Management agreed to the following:

- (a) Those Engineers who are in Grade L1 as of the date of signing this Agreement will be eligible to be upgraded to L2 with 1 year of experience in Grade L1, provided that the other upgrade criteria for Grade L2 are fulfilled.
- (b) To consider the following within 6 months of signing the Agreement –
 1. Reviewing the Posting Allowance.
 2. Carrying out a Productivity study. Both parties agreed to carry out work-study in order to measure and improve productivity with a view to derive at productivity linked payment scheme.
 3. Introducing a method to en - cash unutilised Annual leave due to operational exigencies.
